**HERE WE GROW AGAIN – JB+A IS PLEASED TO ANNOUNCE THE OPENING OF OUR NEW SAVANNAH OFFICE!**

**jB+a, an award-winning landscape architecture and planning firm, brings design expertise, client responsiveness and Livable, Maintainable, & Sustainable solutions to the coast with a new office in Savannah.**

*Atlanta, Georgia, July 1, 2008* – **jB+a, inc.**, a landscape architecture group headquartered in Atlanta, Georgia, now serves clients from an additional location in Savannah. The new Savannah office is the next step in the firm's growth strategy and will maintain the company's standard of quality, responsive, and timely service for a wide range of clients and project types. Mr. Michael Browning, ASLA, LEED AP, is the Branch Manager for the Savannah office. Michael brings a wealth of experience in private development, government projects, and institutional client services.

Currently **jB+a** has a number of on-going local initiatives including several community improvement projects in Savannah, Garden City, and St. Simons Island, a transportation improvement project in Camden County, as well as private development projects in Brunswick and Bluffton, South Carolina. In addition, jB+a has previously worked with other clients in the area on a wide variety of projects including Satilla Medical Center in Waycross, Georgia Department of Natural Resources at the Okefenokee State Park, and commercial developments in Chatham County.
